## *Wedding Timetable*

Following is an overall timetable for your actual wedding celebrations beginning with the rehearsal and dinner through the end of the reception. You may want to photocopy this and give it to your wedding specialists that will be with you at these events. Your family and the groom's family may also find this very helpful. Just fill in the approximate times you expect these events to take place. Don't panic if you get a little off of your schedule — everything will be of!
